

Treating the Whole You

As part of our commitment to treat the whole you, Hattiesburg Clinic providers and staff are willing to discuss any health concerns you might have. We also have access to a variety of specialists within the Hattiesburg Clinic network who we can consult or refer you to, if needed.

Feel free to ask us about:

- Illness prevention
- Diet and exercise
- Prescription medications – needs, expectations and cost
- Stress management/emotional health
- Setting health goals
- Personal preferences for sharing information with friends and family

our **commitment** to **you...**
